

# Large offering of polls at Yates sale

**YATES** Caringa Simmental bull sale will offer 23 rising two-year-old Simmental bulls on the family property north of Bindoon on on Friday, February 6.

A complementary lunch will be held at noon before the sale starts at 1pm.

Sixteen polled bulls will be on offer, in line with the stud's breeding aim of easy care polled Simmental bulls.

This is possibly the largest selection of polled Simmental bulls available in WA this year.

With easy care in mind, the Yates family have tightened their already strict selection of bulls for

calving ability, using predominately lighter, polled sires for the past three years.

The lightest heifer bull in the sale had a birthweight of 31kg.

With 16 polled bulls ranging in colour from cream to dark red, there will be plenty to choose from.

Twenty-one of the 23 bulls have dark eye pigments, reducing the risk of eye cancer.

#### ☐ The star lots

Lot one: Caringa Pamplona (Polled with scur) sired by Caringa Eagle Rock (polled) and out of

Yates Caringa Simmental stud will offer 23 bulls, of which 16 are polled, at the stud's annual on-property bull sale at Bindoon on Friday, February 6, commencing at 1pm.
