

**2010 World Simmental Congress Australia  
Young People Program**

July 1, 2009

**Dear Junior Member,**

2010 will be a very exciting year for the Simmental Breed in Australia as we are hosting the World Congress, with core activities in Melbourne, focussing on Simmental judging to be held on September 22.

In conjunction with the Congress program at Melbourne Show a range of interesting activities will be held for our Junior members. Plans are to conduct Junior Judging, Handlers Competitions, Cooking with beef, auctioneering and much more. Prizes will be awarded.

Other activities are being planned during the Pre-Congress and Post-Congress tours.

Also, as with recent World Congresses in Canada and the UK, an International Simmental Young People Program will be held at Melbourne and Albury (September 24) for participants aged over 18 years.

In order for us to put together a fun, informative program for you we are seeking expressions of interest to participate in the planned program.

I will need your expression of interest and ideas by August 5, 2009 in order to finalise our plans to fit in with the overall Congress plan.

Once we have approximate numbers we will be able to continue planning the content.

For those of you who would like to register your interest or suggest any ideas please contact me either by email [parkermtj1@bigpond.com](mailto:parkermtj1@bigpond.com) or (03) 55864269.

Kind regards,

**Tracy Parker**
